CAUTION:  
DO NOT DRIVE BETWEEN OUR IRONAGE RD SITES AND HWY 62. Ironage Rd is full of washboards and soft sand. There is one very sandy patch between our Ironage Rd parcel and Hwy 62, which will be marked with warning signs. If you are experienced with sand and drive an AWD, go for it at your own risk. If you get stuck, call Bailey's Towing, Hill's Towing or AAA.

**BE SMART**  
Bring lots of water, food, sun block, and a big hat. Leave no trace, be careful of fragile desert plants while walking through sites. This is a delicate ecology and a community that desires to protect it. Help keep HDTs a positive force.

**TIPS**  
● Drive with others ● Ask for directions ● Bring enough water

**IF YOU GET STUCK IN THE SAND**  
Do NOT gun your car, this will only dig you in further. Place car floor mats under your wheels and try to back out slowly. Another tried and true trick is to let some air out of your tires. If all else fails dig the sand out a little and wait for help pushing the car out. Patience and cooperation can stop the situation from becoming dire.  
\*If all else fails call a tow truck: In 29 Palms call Bailey's at 760-367-0089, in Joshua Tree call Hills at 760-228-1020 and in Pioneertown call Lefevre's at 760-364-2846.
